Commercial cleaning services from a trusted national company

We're a one-stop shop offering a vast range of both contract and specialist cleaning services for commercial clients. Our clients value our reliability, flexibility and incredibly fast response time. We provide a transparent, honest and high standard service. We have an excellent track record with all our clients.

UK-wide but operating at a local level

Over the years we have built relationships with a select group of independent Contract and Specialist Cleaning companies who are regionally based. They have demonstrated their abilities to provide excellent customer service and now work under our umbrella, to our exacting standards. By working like this we are able to provide clients with the personal service of local management, who are supported by a trusted, national company.

Our people are our greatest assets

We empower our cleaning teams to take ownership of every cleaning project they undertake. Our staff are highly experienced and achieve consistently high standards. We pay our staff very well, and as a result we achieve very low staff turnover rates, consistently high standards and a willingness to go above and beyond.

Our services

- ✓ Kitchen Extraction Cleaning
- ✓ High Level Cleaning
- ✓ External Cleaning
- ✓ Industrial Floor Cleaning
- ✓ Kitchen Deep Cleans
- ✓ Graffiti Removal
- ✓ Builders Cleans
- ✓ Escalator Cleaning
- ✓ Contract Cleaning
- ✓ Event Cleaning
- ✓ Sparkle Cleans

Kitchen Extraction & Supply Ductwork Cleaning

We're specialist extraction cleaning contractors for restaurants, care homes, schools, hotels and more.

Kitchen Extraction & Supply Ductwork Cleaning

Quickly mobilised and efficiently completed, ensuring that your system surpasses current Fire Safety Standards, Environmental Health Standards and Insurance Requirements.

In safe hands

During normal operation kitchen canopy filters and extraction systems will accumulate a build-up of grease particles which can become baked-on and impossible to remove by normal cleaning methods. This reduces the efficiency of the filters at trapping grease, shortening the life of the fan, and in a commercial kitchen it can become a major fire hazard.

We can clean any system, regardless of its complexity, in any location within the UK. Using our regionally appointed teams who all work to our strict and rigorous cleaning procedures, you can be assured that your extraction system will not only meet, but will exceed the standards required by regulations.

Our Audit Service

Our kitchen audits are conducted by highly experienced technicians using a wet film thickness gauge to read grease levels at every point in the extraction system from canopies, filters and ducting to the extraction fan.

From the readings an average micron level is calculated to ascertain whether your system needs cleaning, and if the report shows it doesn't, then we don't clean it!

The audit process is thoroughly documented, and a comprehensive report is produced, complete with micron readings, photographs and recommendations. Audit fees start at £100 + VAT depending on the size and complexity of the system.

Benefits

- ✓ We clean to TR19 standards with certificates & full reports provided
- ✓ Nationally accredited Quality Management (ISO 9001), Environmental Quality Systems (ISO 14001) & Health & Safety (ISO 45001)
- ✓ We carry out audits & provide certificates

Experts In Commercial Kitchen Cleaning

We're contracted to large restaurant chains, independents, pubs, schools, care homes, hotels and more nationwide.

Experts In Commercial Kitchen Cleaning

We ensure that your kitchens are left spotless and we also provide professional ducting and extraction system cleaning so that your kitchen stays cleaner for longer.

High standards in kitchen cleaning

Working in the commercial food sector requires compliance with strict hygiene standards under The Health and Safety Act and Food Hygiene Act.

We ensure your kitchens are left spotless by only using food-safe chemicals. Keeping all of those hard-to-clean areas clean is essential for preventing bacterial contamination.

We also provide professional ducting and extraction system cleaning so that your kitchen stays cleaner for longer.

Our commercial kitchen cleaners have all the requisite Health & Safety and customer care training.

Our services

Our cleans are mobilised quickly and efficiently due to our nationwide coverage at localised levels. We work out of hours at your convenience to minimise downtime, so we won't be in your way when your kitchen is at its busiest. Our commercial kitchen cleaning services include...

- **Structural Cleaning (walls, floors, ceilings)**
- **Cooking Equipment**
- **Extractor Fan Cleaning**
- **Canopy & Filter Cleaning**
- **Duct Cleaning**

We're trusted by many of the UK's major brands for their commercial kitchen cleaning. If you'd like a quote for yours please contact us today.

Benefits

- ✓ Always have a personal point of contact
- ✓ Health & Safety fully accredited (ISO 45001) with food safety of paramount importance
- ✓ Bespoke service suited to your requirements

The Ultimate In Flexible Contract Cleaning

We don't lock clients into long contracts and have an excellent record with high profile clients for high service standards and customer care.

How we can help

We're a one-stop shop offering a vast range of both contract and specialist cleaning services for commercial clients nationwide.

We can organise cleaning for 7 days a week, 5 days a week, or even once per week, and we can provide all janitorial supplies and washroom services if required. As well as providing the daily cleaning we can also arrange any of our one-off or periodic services such as Carpet Cleaning, Window, Fascia & Gutter Cleaning, Escalator Cleaning, High Level Cleaning and Kitchen & Extraction Cleans.

We clean to Care Quality Commission (CQC) requirements ensuring GP surgeries, Dental Surgeries and Care Homes meet all required Commission standards.

Our expertise

Working outside of your business hours, our trained cleaning professionals ensure your workspace is cleaned to the highest standard. We offer cleaning services for...

- **Offices & Business Premises**
- **Factories & Workshops**
- **Pubs, Bars & Clubs**
- **Doctors, Dentist Surgeries & Care Homes**
- **Conference Centres, Schools & Universities**
- **Restaurants, Canteens & Commercial Kitchens**
- **Hotels, Housing Association & Builders**
- **Gyms, Sports Centres & Leisure Centres**
- **Show Rooms & many others**

Whatever your cleaning requirements, contact us today.

Benefits

- ✓ Local management with national coverage
- ✓ Ethical employers
- ✓ Over 10 years of satisfied customers

Industrial & High-Level Cleaning

Our Specialist teams have the experience and expertise to carry out a broad range of cleaning services to a host of industrial & other environments.

Industrial & High-Level Cleaning

From Food Processing Plants, to Distribution Centres, Factories to Industrial Laundries, our experienced specialist teams have the expertise to deliver top results in a range of environments.

How we can help

High Level Cleaning is one of our core services that we offer throughout the UK. Our specialist equipment enables us to complete high level cleans from floor level using sky-vacs and carbon fibre extensions, or from specialised access equipment with IPAF and PASMA certified operatives.

We also provide Industrial Floor Cleaning using the latest technology to remove grease, tyre marks, and general dirt and grime that accumulates and poses hazards in a number of industrial buildings.

We are highly experienced in cleaning Food Processing Machinery and Industrial Equipment as well as the structural elements of the site, and this has been done in a variety of units from Steel Works, to Hi-Tech Centres.

Our expertise

There are not many Cleaning Companies in the UK who are able to mobilise their teams, often at short-notice, to carryout cleans in challenging environments. Our long and vast experience of cleaning in such conditions enables us to put together a carefully constructed cleaning programme, with all necessary risk assessments, to meet your needs.

Over the years we have gained considerable experience in cleaning food factories to ensure they pass audits, and this has become one of our main specialisms.

Health & Safety Policies, procedures and documentation have been accredited by the Alcumus SafeContractor Scheme, and ISO 45001. Whatever your cleaning requirements, contact us today.

Benefits

- ✓ 24hr service to suit your operating times with IPAF certified cleaners
- ✓ Health & Safety policies, procedures & documentation have been accredited by the Alcumus SafeContractor Scheme (ISO 45001)
- ✓ Experienced in working in all types of industries from Food to Steel to HiTech

Nationwide Graffiti Removal Service

Cost-effective solutions that restore your graffiti-damaged
substrate back to prime condition.

Nationwide Graffiti Removal Service

We've the expertise, products and equipment to deal with all types of graffiti, at any height on any type of substrate with an incredibly high success rate.

How we can help

Our graffiti cleaning specialists use environmentally friendly products that leaves no ghosting or shadow of the graffiti on any substrate from which it is being removed.

We work throughout the UK as graffiti removal specialists and our operatives are experienced in high-level cleaning, so even if there's graffiti several storeys high on your premises, we can arrange to get rid of it.

Our dedication to getting the job done right means that we leave no traces or marks, and once we're finished we can use leading anti-graffiti coating products to minimise damage from future vandalism.

Our services

We can remove graffiti from...

- **Schools, Universities & Educational Centres**
- **Train & Bus stations & Public Buildings**
- **Factories, Warehouses & Industrial Units**
- **Sports Facilities & Recreational Grounds**
- **Hotels, Retail Parks & Shopping Centres**

We have vast experience in using our graffiti removal systems on almost every substrate including: Brick, Stone, Granite, Concrete, Pebble dashing, Tiled facades, Shutters, Metal, Plastic & Glass.

We offer a free no-obligation site survey, so if you need unwelcome or unsightly graffiti removed from your business premises, get in touch with us today.

Benefits

- ✓ Environmentally friendly products
- ✓ Restore your building back to prime condition
- ✓ No graffiti ghosting or shadow

Outdoor & Indoor Event Cleaning

Expert event cleaning services at indoor and outdoor
corporate and public events all year round.

all about
the idea

Outdoor & Indoor Event Cleaning

From race meets to corporate events, huge festivals and everything in between, no matter how big your event, our event cleaning teams are available 24/7, all year round.

How we can help

We provide professional, uniformed teams for small, medium and large-scale events, with cleaning before, during and after the event.

Our teams can clean and clear catering areas, bars, marquees, trade stands, stages, toilets, welfare facilities, and back of house areas. As well as litter picking and waste disposal, we can clean a whole variety of surfaces from parquet flooring to carpets, and all work is carried out to our exacting standards.

Events can generate high traffic and require a deep but fast clean to ensure that the venue can return to normal use in the shortest time possible. We ensure turnarounds are completed quickly and efficiently.

Our services

Whatever your event or attendee size, whether it's a national trade show, music festival, corporate hospitality, conference or sporting event, we've the experience and capability to manage your cleaning and waste requirements.

Our outdoor and indoor event cleaning services include...

- **24-Hour Cleaning Provision**
- **Full On-site Management**
- **Major Plant Provision & Trained Operatives**
- **Litter Picking, Waste Disposal & Management**
- **Washroom & Shower Facility Cleaning**

We create bespoke cleaning solutions to fulfil all of your event requirements, contact us today for a free site survey.

Benefits

- ✓ Outdoor & indoor events covered
- ✓ Before, during & after event cleaning services

Builders & Sparkle Cleans

The largest national building contractors as well as smaller independent builders trust us to clean their units into pristine condition.

Builders & Sparkle Cleans

Commercial, Retail and Refurbishments, we're able to mobilise nationwide to clean any size and quantity of units to pristine condition.

How we can help

We work on nationwide refurbishment projects as well as new buildings, for leading interior contractors, shopfitters and builders.

Our flexibility and agile approach means we're able to work around trades 24/7 where needed to meet tough deadlines and still provide quality results.

We've an excellent track record working with construction and refurbishment companies nationwide so wherever and whoever the client is, we're able to consistently deliver high quality, reliable post-builders cleans.

Builders cleans are one of our core specialities.

We've built up expert knowledge and experience from working in the construction sector.

Our expertise

We follow strict health and safety protocols and have £10 million public liability insurance.

Our staff are highly experienced operatives with CSCS qualifications and trained in the use of specialist machinery and equipment that can be required for High Level Cleaning and Floor Finishing.

We work to exceptionally high cleaning standards, so you can rest assured that when the time for handover comes, the client will be impressed with the quality of our work. Our builders and sparkle cleaning services include...

- **Post-Construction & Post-Refurbishment Cleans**
- **Phased Builders & Sparkle Cleans**
- **Daily Cleaning to Welfare Facilities**

To request a quotation contact us today.

Benefits

- ✓ Health & Safety policies, procedures & documentation have been accredited by the Alcumus SafeContractor Scheme
- ✓ CSCS carded cleaners
- ✓ Nationally accredited Quality Management (ISO 9001), Environmental Quality Systems (ISO 14001) & Health & Safety (ISO 45001)

Escalator & Travelator Cleaning Specialists

Our specialist team provide one-off or regular specialist cleans for cleaning escalators and travelators nationwide, minimising disruption to your operations and users.

How we can help

Escalators by their very nature are most often found in very high-traffic areas as they're created to enable the efficient transit of people within a building.

Our escalator team use purpose-built equipment and specialist cleaning systems to ensure the tread, risers and uprights are deep cleaned and harmful grit and debris is removed to prolong the life of the escalator.

The specialist cleaning equipment scrubs and dries the treads and risers of escalator, which leaves them clean and dry, ready for immediate use, with no need to dismantle the escalator.

We don't just clean the treads & risers, we can also clean the footplates and balustrade, and re-polish the handrails.

Our expertise

Regular cleaning to escalators and travelators is a likely requirement to avoid damage and subsequent downtime.

We've experience of cleaning escalators and walkways in the following locations:

- **Shopping Centres**
- **Department Stores**
- **Airports, Bus & Train Stations**
- **Hotels**
- **Arenas & Stadiums**
- **Cinema Complexes & Leisure Centres**

For more information and to request a quotation please contact us today.

Benefits

- ✓ Reduce escalator downtime
- ✓ National coverage
- ✓ £10m Public Liability & £10m Employer Liability Insurances
